Hotels

There are a lot of hotels in the City of Zürich across all price ranges. The closest four-star hotel to the course venue is the Swissotel (10 minute walk). Many hotels are just a short tram ride away.

Course Schedule and Organisation

Times

We start at 9.00 and normally end the day around 16.00 to 16.30, depending on our daily performance. Please be prepared that it may be necessary to stay a bit longer sometimes. The training program is important and we will take the necessary time that everybody is up to speed everyday.

Full Focus required - Mobile Phones in the course room prohibited

We have a strict (STRICT!) no mobile phone policy in the course room. That is: We do not mean that the phone should be on silent, but the phone should be OFF, or even better, stay in the hotel room. We are fully aware, that students are away from home for a long time and daily business continues to exist back home in the office. Calls can be made during the breaks (and we break every hour). Bosses at home have to understand that they sent the students to attend a course dealing with aviation safety and that there is quite complex material to be absorbed. Therefore the least thing we can use in the sessions are distractions by phone calls. We enforce this policy in all courses and so far nobody ever suffered from a medical condition because phones couldn't be used...
